

HARSH

.NET Developer

Rampur, Uttar Pradesh - 244924 | +91 9675873737 | hs96758737@gmail.com

CAREER OBJECTIVE

Motivated and detail-oriented BCA graduate with a strong foundation in C#, .NET, and MySQL, seeking an entry-level .NET Developer position. Eager to apply hands-on project experience and problem-solving skills to build efficient, scalable software solutions while continuously growing technically.

TECHNICAL SKILLS

- Programming & Frameworks:** C#, .NET
- Database:** MySQL
- Frontend:** Next.js
- Concepts:** Object-Oriented Programming, Web Application Development, Database Design

SOFT SKILLS

- Communication
- Leadership

PROJECTS

FoodEat – Food Ordering Web Application *(Completed)*

Tech Stack: Next.js (Frontend), .NET (Backend), MySQL (Database)

- Built a modern, responsive food ordering web application with an attractive, animated UI and interactive food cards.
- Implemented core e-commerce features including a shopping cart and a seamless end-to-end ordering flow.
- Focused on performance, responsiveness, and user engagement across devices to deliver a smooth UI/UX experience.
- Developed the backend using .NET with MySQL for data storage and management.
